THE STORY

Anthology Senior Living has dedicated themselves to offering a distinctive and exceptional senior living experience. Their goal is to provide their residents with top-notch hospitality and care, enabling them to live fulfilling and meaningful lives. Living Revolution has worked with BKV Group and Anthology Senior Living on previous projects and we were honored to be asked to partner again on Anthology of Boynton Beach.

Situated in the picturesque and sun-soaked area of Boynton Beach, FL, this exquisite senior living community offers a wealth of amenities to ensure residents feel right at home. From a state-of-the-art fitness center and rejuvenating salon and spa to a well-stocked library, captivating theater, exquisite restaurant-style dining, and community activity center, every aspect of this community is dedicated to ensuring an unparalleled living experience.

Our initial challenge was suggesting value engineered product selections that would align with the pre-pandemic budget. Costs had significantly increased, forcing us to find creative solutions in order to stay within the outdated budget footprint. However, despite these rising costs, we remained committed to finding innovative ways to meet the client's needs while adhering to budget constraints.

During the installation phase, we faced multiple challenges including a flooded first floor space, inoperable elevators, and communication barriers with onsite tradesmen due to language differences. To address these issues effectively, we collaborated closely with the general contractor. Together, we strategically managed the installation by prioritizing accessible spaces that were ready to receive product within the allocated time frame.

Our recommended products are carefully curated to cater to the needs and tastes of mature and sophisticated residents. We prioritize both functionality and aesthetics, ensuring that every item chosen for the space meets high standards. Specifications included products from the following manufacturers; Fairfield, Falcon, H Contract, Janus et cie, Kellex, Kwalu, and National. This attention to detail ensures that residents can enjoy a beautiful and comfortable living environment.
